ABOUT US

Established in 2011, DARPAN Glass and Ply Concepts is a well-known name in Bangalore. We have created a niche for ourselves in a short span with in-depth product knowledge, huge product range and prompt service.

The young, dynamic and professional team of DARPAN Glass and Ply Concepts led by Mr. Kamlesh Jain has changed the environment of glass and plywood trade. With our CARS approach (Credibility, Accuracy, Response, Support) the priority at DARPAN is to provide the best service to customers with timely delivery and genuine and innovative product suggestions; thus, assisting them from ideas to selection and procurement.

The team at DARPAN is always eager to recommend the most suitable products within the customer's budget and also help them understand the utility of the same. We thrive in maintaining our values, ethics and customer-first approach. We source our products directly from manufacturers or authorized distributors. Thus, the customer is sure to get genuine products and competitive prices without compromising on the authenticity and quality.

Our product range consists of Glass, Mirrors, Plywood, Laminates, MDF, Readymade Doors, Furniture and Architectural Hardware, Kitchen and Bathroom Accessories, Wallpapers, Wooden Flooring, Solid Surfaces, PVC Edge Band, Profiles Shutters and much more. We offer world renowned brands like Hettich, Dorset, Ebco in hardware fittings; National, Centuryply, Greenply in plywood; Merino, Greenlam in Laminates; Fevicol, Raubond and Araldite in Adhesives; Saint Gobain in glass and mirrors.

DARPAN Glass and Ply Concepts is the Ultimate one stop shop for all your furniture requirements to make your house a beautiful home with long lasting quality. Our unbridled passion and enthusiasm for perfection, our continuous search for excellence in all that we do – are all elements that represent our endeavour of creating value for our clients thus differentiating us from others.

PLYWOOD

Plywood is the most used substrate for home interiors and décor and is considered the heart of any furniture. There are many specifications under plywood based on the composition and the materials used in its production. It is mainly classified into MR (Moisture Resistant), BWR (Boiling Water Resistant) and BWP (Boiling Water Proof). Plywood has a variety of uses, it is majorly used in making Beds, Cabinets, Tables, Wardrobes, Kitchen Cabinets, Wall Panels to name a few.

We at DARPAN strongly believe in offering durable products. With an experience of over a decade in the industry, we have tied up with the top factories and brands across the globe to give you the best in the industry. Our range includes Plywood and other allied products like MDF, Particle Board, PVC Boards and Finger joint Sheets. With multiple large warehouses in Central and North Bangalore, we cater to our client requirements in all directions.

TRUST is of prime importance in our trade and plays a major role in building goodwill and confidence. At DARPAN, we keep TRUST close to our hearts and every suggestion, guidance, assistance revolves around it. Our suggestions are based on various factors like your requirement, budget, furniture life, purpose etc. Our experience to give you the most suitable product make selection simple and hassle free. With Termite proof products offering Lifetime guarantee, we ensure you peace of mind.

GLASS

Being a highly specialized industry, glass requires utmost skill, precision and care in handling. Our expertise and end-to-end glass solutions ranging from toughened, pre-laminated, lacquered, reflective and custom-made solutions will truly transform your space. Apart from the aesthetic properties, glass also protects your spaces from noise, dust, rain, and rising energy costs. Boasting an array of mirrors ranging from Decorative to touchscreen LED ones, our collection of customised mirrors will definitely reflect your style.

We at DARPAN have the expertise of glass and highly professional personnel for your glass needs. By combining the right glass product with the best profiles and hardware fittings, we deliver comprehensive solutions without compromising on your aesthetics or performance expectations.

LAMINATES

Clothing is to man what Laminate is to Plywood. Laminates transform living spaces. Laminates are majorly used as furniture surface materials for cabinets, tables, worktops or wall panelling to enhance the aesthetic appearance. Decorative Laminates come in multiple designs, colours, finishes, thicknesses and textures.

In keeping with the latest trends, our idea at DARPAN is to offer our clients an array of styles and combinations that they can choose from. With our unmatched range of liner laminates and decorative laminates, we also offer the latest range of specialised anti-scratch, anti-bacterial and anti-fingerprint laminates. The latest range of non-toxic Acrylic and PVC Laminates which have become a phenomenon for Kitchen shutter applications are also available in an array of colours to give a glossy sheen to your home.

SOLID SURFACES

First introduced in 1967 by Dupont under the name Corian, Solid Surfaces find application in homes, schools, healthcare facilities, hotels, restaurants, retail stores and more. Solid Surfaces are artificial, non-porous material used for undulating, virtually seamless applications. Mainly used for countertops, solid surfaces have found new applications in cladding, basins and used for creating organic shapes.

We at DARPAN, offer the best stain, impact and heat-resistance properties with over 100 colours and patterns. With a professional installation team, we provide hassle-free fabrication assistance to our clients.

WOODEN FLOORING

Wooden Laminate flooring is a multi-layer synthetic flooring product fused together with a lamination process. Laminate flooring has grown significantly in popularity, because it is easier to install and maintain than more traditional surfaces such as hardwood flooring. With the advantages of economical pricing and easy installation than alternative flooring materials, it is durable, hygienic, easy to maintain and adds a smooth and stylish look to your interiors.

At DARPAN, we offer a range of options from economic laminated floorings to elegant solid wood floorings. With high abrasion resistance, multiple colours and sizes, we provide Installation Assistance at site. Panels can be installed on concrete or on tiles, thus adding warmth & elegance and transforming your interiors in a jiffy.

PROFILES & PROFILE SHUTTERS

Aluminium Profiles cater to the contemporary vogue of minimalistic aesthetics. These profiles bestow the cabinet doors with a sleek elegant look. They are made from high quality Aluminium that conforms to the highest standards of excellence. These state-of-the-art profiles augment user friendliness and are extremely easy to install. The Aluminium profiles enhance an individual's sense of sophistication by proposing exciting design potentials and seamless installation.

We at DARPAN offer a wide range of Aluminium Profiles to assist you in enhancing the appearance of your cabinet doors. Our Range of Aluminium profiles are best suitable for glass, wood panelling, sliding doors, shutter edges, inlay profiles etc. Available in multiple finishes, sizes and functions, we provide the most suitable profile for specific needs.

CHIMNEYS & HOBS

Your kitchen is the place where odour, flavours and taste mingle together with the family tradition of cooking and the pleasure of spending time together. Modernity has turned the kitchen into a place rich with significance. Electric chimneys and hobs have become an integral part of modern kitchens. They play an important role in keeping the kitchen high on utilities and low on odour.

With funky looking chimneys trending alongside noise reduction, Heat auto clean options and touch screen variants, Chimneys have become a treat to choose. Hobs, which were once considered a foreign concept, have blended wonderfully to Indian tastes. With the advent of brass burners with multi-flame control and auto ignition as well as flexi modes, our clients are spoiled for choice. We offer the best-in-class chimneys and hobs for healthy cooking.

WALLPAPERS

Quickly transforming your home or office look is made easy with wallpapers. Affordable, quick & easy to install, wallpapers can quickly change the entire setting of your space. Wallpapers are available in a huge variety of colours, quality and textures.

Our extensive handpicked collection of high quality, durable and peel-proof wallpapers come in a wide range of themes ranging from geometric to abstract and floral to contemporary. We also provide customized wallpapers and bring your imagination to life. Our highly trained on-site team makes wallpaper selection & installation a convenient & hassle-free process.

As Interior designers it is important for us to get our products to the site on a regular schedule adhering to strict timelines. We rely on dependable service from suppliers to help us keep our schedule and satisfy our customers. Timely advice on materials, their availability, pricing and supply is the core for a sustainable business relationship between the supplier & us.

We appreciate the efforts taken by Darpan Glass & Ply Concepts to personally bond with us, Their product knowledge, zero error supply and timely deliveries have led to completion of projects in prescribed deadlines. There are instances where Mr. Nilesh has got personally involved to ensure things are set in the right order, an effort we cannot appreciate enough.. Our design & project team is extremely happy with their service and look forward to continuing & further growing our business relationship.
